

Putney High Street Analysis

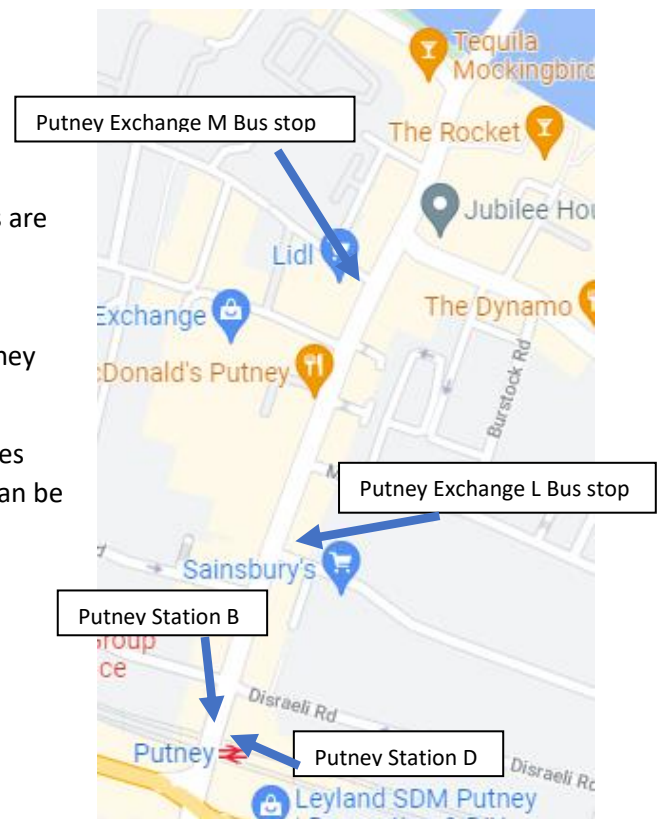

[1] Bus Services

There are four bus stops on Putney High Street, they are called Putney exchange stop L and M and Putney Station B and D and are all denoted on the map.

The services that run at both of the Putney Exchange stops are the 14,39,74,85,93,424,430 and N74 buses.

The services that run at Putney Station B are the 93,85,430,39,14 and N74. And the services that run at Putney Station D are 430 and N74.

The transport for London API gives accurate current statuses and routes for all of the buses on Putney High Street and can be accessed here <https://api.tfl.gov.uk/>.

Road Configuration

Putney High street contains two single lanes throughout the majority of the street but the western lane becomes a dual carriageway towards the northern side of the road.

<https://www.tfljamcams.net/> uses a vast array of traffic cameras to give the levels of traffic for each road around London. The image to the right gives an example of the traffic data given by TFL Jam Cams.
